MAINTENANCE SEMINAR & OPEN HOUSE August 7th & 8th, 2019

Dear Arena Personnel,

We would like to extend an invitation to you to attend a one of a kind, informative two-day maintenance seminar and open house at our shop in Somerset, WI on **August 7th and 8th from 8:30 am – 4:00 pm.** each day. Scheduled to join us for the seminar will be representatives from **Zamboni** (Doug Peters, Sales Manager) and **Jet Ice** (Dave Loverock, Director of Ice Technology). Also assisting will be **Dan Ahearn**, Icemaker for the Chicago Blackhawks. With normal attendance of 45-60 people, it is a great opportunity to network with fellow arena personnel and share ideas.

During the course of the seminar, we will discuss various maintenance issues relating to the different model Zamboni ice resurfacers. There will be in-depth presentations on repairing various components of the machines, both battery and fuel powered, along with discussions of basic preventative maintenance issues. There will also be hands on opportunities, along with plenty of question and answer time. During all sessions, there will be R&R technicians available to answer your questions one on one.

We hope you will be able to join us for this informational seminar. If you would like further details or have any questions, please contact us at 1-800-729-7465, Fax: 1-715-247-5741, or email: daleh@rrspecialties.com, stueb@rrspecialties.com, or bertb@rrspecialties.com

Please reserve your spot by phone, email, or fax so that we can make the necessary arrangements for everyone. **Space is limited. Please reply by Wednesday, July 31st.**
